

2021 COVID19 Relief Work in BBNJ Region: Field Update June 11, 2021

Thank you, for your commitment to pray and give to the ongoing relief work throughout the BBNJ region. This has been a difficult season for many. At first glance, this has been a season marked by sickness, death, restlessness, and desperation. However, through the hardest seasons, the Lord is capable of doing some of His most fruitful work. Please continue to lean into prayer for our IMB workers and national partners leading out in this relief work.

Church Planter B* distributing a 1 ½ month ration supplies

Church Planter B* was getting reports of many families in need. Some of them were church members, but many were unbelievers from the communities around those church members. During the Lockdown, many people lost their jobs. Many men have left their families at home in search of income. Through church member contacts, Church Planter B* was able to distribute relief to 40 families. There are about 4 people in each family. Another 160 men, women, and children were helped through this effort.

Thank you, again, for your continued prayers and generous giving. Your commitment to seeing people throughout BBNJ reached with ration packets has been an encouragement to many. As we continue to gain entry into new areas, please pray that there would be homes of peace in those places. Pray that the people in these homes would be prepared by God to hear the Gospel. Pray that many would repent of their sins and believe in Christ Jesus. Thank you, for your partnership in this work.
