Thank you, for your continued prayer and support toward the relief efforts in BBNJ. Your partnership in this ministry to those that need it most, has been an encouragement to many. We as your IMB partners are encouraged that local churches would come together to pray consistently and give sacrificially. It is our privilege to be the extension of your local churches to South Asia. We count it an honor to be sent and supported to plant churches among every people and place in BBNJ. We are also careful to make sure the local churches that we work with in BBNJ know that we are connected to you in the States. They know that when we begin a relief project that the support was given sacrificially by Brothers and Sisters in America. The local believers here are encouraged by your faithfulness. Of course, those that are on the receiving end of your generous gifts and donations are often the most thankful.

Ration Packet Supplies Purchased In Bulk.

In this update, BBNJ National Church Planter B* asked the families that received help to hold up a simple sign for you all. We hope this small gesture, communicates a deeper appreciation. Church Planter B* was able to facilitate 40 families getting 1 ½ month ration packets. These packets will provide relief to men, women, and children in great need. Many of these families do not follow Jesus. This was a practical way for them to see the love of Christ from His church. Many heard the Gospel during this distribution effort.

Testimony From Church Planter B*: (Translated for Clarity)

“Praise the Lord Jesus. I give thanks to our God and to the people who provided the relief. This years conditions were worse than last year. It has been a very difficult time for many. This year we were able to help 40 families. Among those 40, then 13 families were unbelievers. The unbelievers gave thanks for the rations. Some of these families are willing to come to church and begin fellowshiping with us. Please pray for their village. Please pray they would respond to the Gospel. Thank you, B*”
