National Partner H\* sharing Gospel during ration distribution

We pray this update from National Partner H\* brings you encouragement and joy. Please join us in praising God for physical relief and spiritual fruit from the work of H\* and his team. H\* has been working hard to oversee this project and others. He has helped keep track of purchasing, receipting, and testimony for several projects. Please read this update directly from H\*. Pray for him and the ongoing work.

### **Testimony From National Partner H\*: (Translated for Clarity)**

"I thank God for you, for your ministry, and your church. I thank God for the help that you gave to our churches. This help went to supporting 40 needy families. We also shared the Gospel with them. During the distribution the Gospel was shared with more than 100 people from 50 unbelieving families. When we went out to distribute, many families invited their neighbors and friends to hear the Gospel also. We are planning to revisit the places that the Gospel was preached every week. Already 2 new people are coming to church to hear more. Several other families have asked us to return. God has opened a door in new homes for us to visit, pray, and share the Gospel again."

Believer helping with distribution efforts in her community

### **More Testimony From National Partner H\*: (Translated for Clarity)**

“Through this relief, many inactive church members began to help. They were sharing the Gospel with neighbors and friends. We brought new believers to help us give rations and share the Gospel. We used this relief work to disciple these new believers in helping others and how to share the Gospel. We thank God for this. They are also going to help with follow up in places where God opened doors for us.”
